SINCLAIR FORD FPV CUSTOMER TESTIMONIALS

"I have been involved with Sinclair Ford for nearly 3 years now and I am very proud to be part of such a progressive, honest and customer focused dealership.

Let me tell you, all Ford dealers are not created equal, and I should know! The way Sinclair Ford treats and looks after their customers is simply outstanding. Their FPV Privileged Owners Club is an initiative usually only found with Euro exotics like Porsche and BMW.

Owning an FPV from Sinclair Ford is an experience that you will savor and enjoy for many years to come. Our existing owners, like me, are performance car enthusiasts and a specialist dealer who cares so much certainly makes all the difference.

I look forward to welcoming you as an owner and hope you will join us on one of our exciting club events.

- John Bowe, Ford V8 Supercar Driver & Sinclair Ford FPV Privileged Owners Club Ambassador

"Unlike other dealers, I was welcomed into a family-like atmosphere with the exclusive Privileged Owners Club and invitations to various family outings and events, and even to mingle with some legends of V8 Supercar racing. The after sales service by not only the service department, but the sales staff, is world class - and I believe you would not get this elsewhere."

- Paul McNaught, GT-P Owner

"Three months on from my initial purchase, I am continually surprised and delighted by the interest shown in me as an individual. In an age where service appears to be on the decline, it is refreshing to form a relationship with a dealership that has a passion for the vehicles they sell and a genuine interest in bringing like minded customers together. Well done Sinclair Ford."

- Dennis Newstead, GT-P Owner

"When I purchased my car, and was told about the events planned and the after sales service I could expect from Sinclair Ford, I must admit I had my reservations, based on experience from previous car purchases. But Sinclair Ford has certainly delivered on all that was promised, and more! I thank you for your continued commitment in ensuring my FPV purchased was a memorable one."

- Joe "Skipp" Zarb, Typhoon Owner
